How to calculate your monthly payment

Look for the plan name(s) you're considering. Find your age and tobacco use status in the columns below each plan to see your monthly payment. Do the same for each person in your family. Your monthly payment will be the total of the rates for each person on the plan, based on their age and tobacco use. We will only charge you for your three oldest dependents under the age of 21.

** Age 65+ rates are not available to new applicants.
