Know before you go: Your health, your money, your decision

Note: When multiple services are rendered on the same day by more than one provider, member payments are required for each provider.

- ¹ Health Maintenance Organization (HMO) plans underwritten by CareFirst BlueChoice, Inc.
- ² Preferred Provider Organization (PPO) plans underwritten by Group Hospitalization and Medical Services, Inc.
- All other plans: If one member on the policy meets the individual deductible, full benefits will begin for that member. That member will not be able to contribute more than the individual deductible amount towards the family deductible. Once the family deductible has been met, full benefits will be available to all members on the policy.
- 4 For family coverage only When one family member meets the individual out-of-pocket maximum, their services will be covered at 100% up to the allowed benefit. Each family member cannot contribute more than the individual out-of-pocket maximum amount. The family out-of-pocket maximum must be met before the services for all remaining family members will be covered at 100% up to the allowed benefit.
- ⁵ For HMO plans: For in-network benefits, members must use LabCorp for laboratory services and freestanding facilities for diagnostic services and X-rays.
- ⁶ For non-routine obstetrical care or complications of pregnancy, cost-sharing may apply.
- ⁷ For HMO plans: To receive in-network coverage, mental health and substance abuse coverage must be performed by Magellan behavioral health providers.
- ⁸ All out-of-pocket drug costs contribute to the in-network out-of-pocket maximum.
- ⁹ If a generic drug becomes available for a preferred brand drug, the preferred brand drug moves to the non-preferred brand drug tier. 10 If a provider prescribes a non-preferred brand drug and the member selects the non-preferred brand drug when a generic drug is available, the member shall pay the applicable copayment or coinsurance as stated above plus the difference between the price of the non-preferred brand drug and the generic drug up to the cost of the drug. This amount
- will not contribute to the in-network out-of-pocket maximum. ¹¹ Prior authorization required.
