Benefit Chart of Medicare Supplement Plans Sold on or After June 1, 2010

This chart shows the benefits included in each of the standard Medicare Supplement plans. Every company must make Plan "A" available. Some plans may not be available in your state. Plans shown in gray are available for purchase, from Anthem Health Plans of Virginia, Inc.

Basic Benefits

- **Hospitalization** – Part A coinsurance plus coverage for 365 additional days after Medicare benefits end.
- **Medical Expenses** – Part B coinsurance (generally 20% of Medicare-approved expenses) or copayments for hospital outpatient services. Plans K, L and N require insureds to pay a portion of Part B coinsurance or copayments.
- **Blood** – First three pints of blood each year.
- **Hospice** – Part A coinsurance.

All plans provide a Voluntary Individual Outcomes Management Program. This program provides benefits for cost-effective alternative treatment options as agreed upon by the policyholder, the provider and Anthem Blue Cross and Blue Shield. See the Plan descriptions within this outline for more information.

Benefits from High Deductible Plan F will not begin until out-of-pocket expenses exceed \$2,200. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. These expenses include the Medicare deductibles for Part A and Part B, but do not include the plan's separate foreign travel emergency deductible.

¹ High Deductible Plan F is not available.

▲ Basic benefits, EXCEPT up to \$20 copayment for office visit, and up to \$50 copayment for emergency room visit.

Premium Information

Plans A, F, G & N | Effective July 1, 2017

Premiums are subject to change.

Here's some important information, before we get started:

We, Anthem, can only raise your premium if we raise the premium for all plans like yours in this Commonwealth. We will recalculate your age each year and adjust your premium based on your new age band at your plan renewal date.

Premiums are subject to change on or after the Renewal Date in accordance with the terms of the Policy. Renewal Date is defined as July 1, subject to the Commonwealth's approval. The selected billing preference does not guarantee your premium for any specific period. Approved premium changes are effective as of the Renewal Date.

If you select a billing method other than Monthly EFT (Electronic Fund Transfer), the billing frequency takes effect on the first day of the payment period that immediately follows your coverage effective date. Based on your selected billing method and your coverage effective date, we will prorate the initial premium to align you with the quarterly or annual billing. For example, if you select quarterly billing and your coverage effective date is September 1, your quarterly billing will start on October 1. We base annual billing on the July 1 - June 30 policy year.

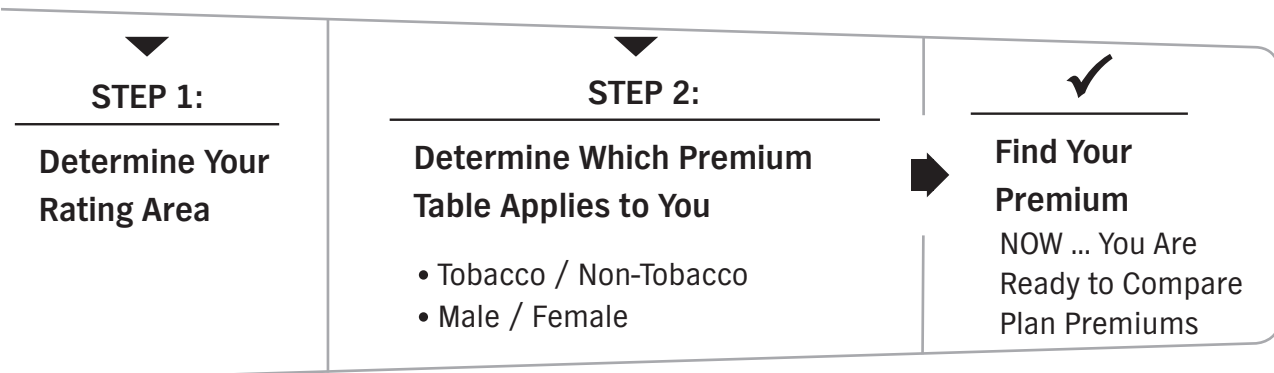

Premiums for other Medicare Supplement policies that are issue age or community rated do not increase due to changes in your age. While the cost of this policy at your present age may be lower than the cost of a Medicare Supplement policy that is based on issue age or community rated, it is important to compare the potential cost of these policies over the life of the policy.

Find Your Premium

Premiums (and future changes to premiums) are determined by several factors, including the county where you live, whether you are applying during your **Open Enrollment Period**, your eligibility for **Guaranteed Issue**[◇] coverage, your tobacco use, age, gender, plan and the costs of medical services and supplies.

- Your **Open Enrollment period** is the best time to buy a Medicare Supplement plan. The Open Enrollment period automatically starts the month you turn age 65 and enroll in Medicare Part B – this period only occurs once and allows you to enroll in any plan offered. During this period, you do not go through medical underwriting and are **guaranteed** acceptance into the plan of your choice!
- When outside your Open Enrollment period you may experience a **Guaranteed Issue** right. These rights generally occur when you have other health coverage that changes.

Here's how to find your premium, step-by-step:

◇ The most common reason you could qualify for guaranteed issue coverage is, 1) Your coverage will start 3 months before or after your 65th birthday, or 2) Your coverage will start when you are age 65 or older and within 6 months of your Medicare Part B coverage effective date. Other reasons are shown in "Choosing a Medigap Policy: A Guide to Health Insurance for People with Medicare" available on the Medicare.gov website.
