WHAT YOU NEED TO KNOW TO CHOOSE A PLAN

YOUR OPTIONS FOR COVERAGE

Medical plans

Our individual and family health plans give you a variety of options. You'll get preventive care, such as screenings and flu shots, for as low as \$0, with no copay from **in-network** doctors (doctors in your plan). Plus, you won't have to meet your deductible first. And you'll have the health coverage you need in case of an emergency or illness. These are HMO medical plans that don't offer out-of-network benefits, except for emergency and urgent care or when service is preapproved. If you see a doctor not in the plan for any other reason, you'll have to pay 100% out-of-pocket.

Dental/Vision

Connecting dental and vision coverage to your medical plan is important to overall health.

- 90% of the body's diseases first show signs and symptoms in the mouth¹
- 1 in 5 cases of tooth loss is linked to diabetes²
- 22 of the top 25 prescribed medications can have an impact on vision³

Essential pediatric dental and vision benefits are included with our medical plans.⁴ Anthem Blue Cross and Blue Shield knows how important both dental and vision care is to overall health, so we also offer stand-alone plans to you and your family with great care from leading doctors. When you have medical, dental and vision coverage through HealthKeepers, Inc. and Anthem Blue Cross and Blue Shield, we connect all of your providers with Anthem Whole Health Connection[®]. It's a program that helps improve your member experience by focusing on your whole person health.

Pharmacy

Our health plans include coverage for prescription drugs. Did you know that pharmacy is the most widely used benefit – 4x more than medical?[†] Getting the most out of your pharmacy benefits can help keep you healthy and save you money.

Manage your drug costs:

Your plan includes coverage for hundreds of brand and generic drugs. You can save money by talking to your doctor about lower cost alternatives. To see if your drug is covered, go to anthem.com/pharmacyinformation and choose the **Virginia Select Drug List**.

Fill your prescription the way you choose:

- **Retail Pharmacies**

Your pharmacy network includes nearly 70,000 retail pharmacies nationwide including well-known chains like CVS, Walmart, Costco and Kroger. To see if your pharmacy is in the plan's network, visit anthem.com/pharmacyinformation/rxnetworks.html.

- **Home Delivery**

With home delivery, you can get up to a 90-day supply of your maintenance medications - drugs used to treat long-term conditions like high blood pressure or diabetes - **delivered right to your door!** By using our home delivery pharmacy, you're more likely to follow your drug treatment plan resulting in better health outcomes.[°]

WHAT YOU NEED TO KNOW TO CHOOSE A PLAN

MORE OPTIONS FOR COVERAGE

Term Life Insurance

Anthem Life Insurance Company now offers term life insurance coverage. Our Individual term life plans include two coverage options: \$25,000 and \$50,000. You can choose the coverage amount that fits your needs. Life insurance is an important decision, but it doesn't have to be a complicated one. Term Life Insurance underwritten by Anthem Life Insurance Company.

Additional Coverage

For additional coverage or for the unexpected, you have choices. An accident plan is available from LifeSecure™*. While these are not Affordable Care Act-compliant plans, they offer reasonably priced coverage for specific benefits. And, when paired with an Anthem health plan, these plans can provide more complete coverage and better financial protection. A representative can help you with additional coverage options from LifeSecure to fit your needs.

* LifeSecure Insurance Company ("LifeSecure") underwrites and has sole financial responsibility for the Accident insurance products. LifeSecure is an independent company and there is no ownership affiliation between LifeSecure and Anthem Blue Cross and Blue Shield. LifeSecure products do not offer qualifying health coverage ("Minimum Essential Coverage" or "MEC") that satisfies the health coverage under the Affordable Care Act. The termination or loss of one of these policies does not entitle you to a Special Enrollment Period to purchase a health benefit plan that qualifies as MEC outside of an Open Enrollment Period.

ANSWERS TO YOUR QUESTIONS

WHY DO I NEED COVERAGE?

The short answer is ... life happens and it helps to be ready. No one plans to break an arm or catch pneumonia. That's why having a health care plan is so important. It helps you:

- Pay for those unexpected costs that come with a serious illness or injury.
- Get some important benefits like preventive care that can help you stay healthier and get more effective treatment.

Still not convinced? Here are three reasons why coverage is so important:

- 1 It's worth the price.** Have you ever thought about what the cost would be to have a major surgery without health insurance? Now picture adding that in with your mortgage/rent and monthly expenses. That's a case where monthly payments for coverage are small compared to footing the bill for a major unexpected cost.
- 2 It helps you stay on top of checkups.** When you have coverage, you'll be much more likely to use it to get your yearly checkups and tests that can catch issues early.
- 3 It's an investment in you.** You insure your home and cars, so why would you put yourself at the bottom of the list? Think about how much it would cost to fix you if something serious were to happen.

HOW DO I CHOOSE A PLAN?

Choosing the right plan for you can be a challenge. We get that. So let's start with some questions to figure out what works best for you:

- How often do you see doctors and specialists?
- What prescription medications do you take regularly?
- Are you planning any procedures this year?

See Find a Doctor instructions, Pharmacy coverage details and read about the plan choices below to see which plan best fits your needs.

Plan choices

Metal Levels

- **Bronze:** You'll have lower monthly payments while being covered for check ups and preventive care. You could pay more out of pocket if you need more care, but if you don't expect to go to the doctor very much this year, Bronze may be a good bet. These health plans can be great for people who are younger with no dependents.
- **Silver:** You'll get health coverage that covers all the basics and more. Silver plans on the Health Insurance Marketplace offer the greatest assistance for both tax credits and cost sharing subsidies, if you qualify.
- **Gold:** You'll have higher monthly payments but lower out of pocket costs depending on the services you use. You'll also have a lower deductible to meet, and you can save on visits to doctors or specialists when you need them.
- **Catastrophic:** If you're under age 30 (or are 30 or older with an approved hardship exemption from the Health Insurance Marketplace) you may qualify for a high-deductible, lower monthly payment, Catastrophic plan. Catastrophic plans can help protect you from worst-case scenarios like serious accidents or illnesses.

Enhanced Virtual Access Online Plus Plans:

Our Anthem HealthKeepers Bronze X 5700 Online Plus and Anthem HealthKeepers Silver X 5000 Online Plus plans offer unlimited, \$10 online PCP office visit copays.

ANSWERS TO YOUR QUESTIONS

CAN I AFFORD IT?

If you're thinking coverage might cost too much, you're not alone. But, what you might not know is that you may be able to get help paying for it. And a health insurance subsidy may be the answer. Don't know what a subsidy is? That's just a fancy word for getting financial help from the government to help you pay for your health care coverage.

You could be eligible for a subsidy, also called an advanced premium tax credit, to lower your monthly payment. You may also qualify for a plan where you'll pay less for your out-of-pocket costs. You can visit healthcare.gov if you need more information.

Other ways to help save money:

- Check if your favorite doctor, hospital or other health care provider is in your plan. That way you can make sure you get your care at the lower or negotiated network rate.
- You can also save money by only using the emergency room (ER) for emergencies. Head straight to the ER or call 911 for serious health issues. Otherwise, save yourself money and time by visiting your primary care doctor, an urgent care center, or LiveHealth Online for minor medical issues.

WHY SET UP A HEALTH SAVINGS ACCOUNT?

You may be able to lower your health care costs and your taxes with a health savings account (HSA). You can easily set up a health savings account with HealthKeepers' banking partner after selecting an HSA-compatible health plan. When you use HealthKeepers' integrated banking partner, you will have easy access to view and pay your claims all in one convenient location. An HSA can offer a variety of tax advantages, including paying for qualified out-of-pocket medical expenses using tax-free dollars.

ANSWERS TO YOUR QUESTIONS

HOW DO I FIND A DOCTOR OR HOSPITAL?

You can find an in-network doctor, hospital, dentist, pharmacy and more by using our **Find a Doctor** tool.¹ It's quick and easy. Plus, you'll get the most from your health care coverage, if you choose a doctor or hospital in your plan. Follow these simple steps:

- 1 Go to **anthem.com**.
- 2 Select **Find a Doctor** at the top right of your screen.
- 3 Scroll past **Search as a Member** to **Search as Guest**.
- 4 Choose **Search by Selecting a Plan or Network** and complete the form.

The difference between doctors in the plan and doctors outside the plan

Doctors in the plan:	Doctors and other health care providers who contract with us to provide care at discounted rates.
Doctors outside the plan:	Doctors and other health care providers not contracted with the health plan may cost more.

WHAT SHOULD I KNOW ABOUT MY NETWORK?

With our plans, you have the freedom to see any in-network doctor you choose without a referral. It's also a good idea to have a primary care doctor to coordinate your care, but you don't have to pick one.

Our plans are available in all areas of Virginia except the City of Fairfax, the Town of Vienna and the area east of State Route 123. The Anthem HealthKeepers Silver X 5000 Online Plus plan is only offered in select counties and cities, see the benefit chart for more information.

- **Health maintenance organization (HMO):** HMO plans don't offer out-of-network benefits, except for emergency and urgent care or when a service is preapproved. If you see a doctor not in the plan for any other reason, you'll have to pay 100% out of pocket.
- **Tiered hospitals and facilities:** Our network includes tiered hospitals and facilities. Hospitals and facilities are split into two categories: Tier 1 and Tier 2. You pay a lower amount for hospitals and facilities in Tier 1. To see what tier a hospital or facility is in, visit the **Find a Doctor** tool at **anthem.com/findadoctor**.

¹ While we make efforts to ensure that our lists of doctors, hospitals, and other providers are up to date and accurate, providers do leave our networks from time to time, and the listings included on *Find a Doctor* at **anthem.com** do change.

MEDICAL AND SILVER COST-SHARE REDUCTION PLANS BENEFIT FOOTNOTES

1 The medical plan charts display the **individual deductible**. **Family deductibles** are two (2) times the individual amount for most plans and three (3) times the individual amount for the Gold plan.

2 Nationally recommended **preventive care services** from in-network providers have no copay, no coinsurance and no deductible requirement. Preventive and wellness services consist of certain services, including well-child care, immunizations, prostate-specific antigen (PSA) screenings, Pap tests, mammograms and more, recommended by the United States Preventive Services Task Force.

3 PCP web visits, including **LiveHealth Online**, have the same PCP office visit cost share listed in the chart, except for Online Plus plans. Available on the Anthem HealthKeepers Bronze X 5700 Online Plus and Anthem HealthKeepers Silver X 5000 Online Plus plans, Online Plus offers unlimited, \$10 online PCP office visit copays.

4 Cost share shows Tier 1 / Tier 2 coinsurance for hospitals and facilities in our network, unless cost shares are the same for both tiers.

5 Home delivery pharmacy cost shares are 2.5 times the retail copay for Tier 1 drugs and 3 times the retail copay for Tier 2 drugs when the plan has retail pharmacy copays.

EMBEDDED PEDIATRIC DENTAL BENEFITS

Embedded pediatric dental benefits are included with all of our medical plans for members until the end of the month in which they turn 19. Coverage includes preventive care, fillings and some other major services like medically necessary orthodontia. The benefit period is the calendar year (January 1 through December 31).

¹ For medical plans where the deductible equals the out-of-pocket limit, any services subject to the deductible have coinsurance of 0% after deductible.

² Orthodontia is usually considered dentally necessary when a child's teeth are misaligned (crooked or not spaced correctly) to the point where they don't work properly. This could cause the child to have trouble speaking or eating. Some examples would be (1) if a child can't bite into an apple because they can't close their front teeth together or (2) if a child bites into the gum tissue of the palate (roof of the mouth) when they try to bite down.

EMBEDDED PEDIATRIC VISION BENEFITS

The following vision care services are covered for members until the end of the month in which they turn 19. Coverage may include eye exams, eye glass lenses, frames and contact lenses. The benefit period is the calendar year (January 1 through December 31).

- If you purchase a Catastrophic plan, you must meet your medical deductible before pediatric vision benefits are paid.

	Benefit frequency	Cost share <i>in-network</i>
Eye exam	Once every benefit period	\$0 copay up to maximum allowed amount
Lenses (single, bifocal, trifocal and standard progressive)	Once every benefit period	\$0 copay up to maximum allowed amount

UNDERSTANDING INSURANCE TERMS

Let's take a look at some common insurance terms you probably see a lot.

HERE'S WHAT THEY MEAN:

Coinsurance

Your percentage of the costs. After you meet your deductible, this is your percentage of costs each time you get care and then your plan covers the rest up to the maximum allowed amount. In-network providers agree to accept HealthKeepers' maximum allowed amount as their charge.

Copay

This is a set dollar amount you pay for covered services, such as doctor visits. The amount can vary based on covered service. It's listed in your medical plan charts.

Deductible

This is the set dollar amount you pay before we begin paying for most covered health services you receive. It's listed in your benefit plan. In-network covered preventive services don't require a deductible. Your deductible applies to the calendar year (January 1 through December 31), even if your effective date (the date coverage begins) is later than January 1.

Drug tiers

Drugs on a drug list or formulary are typically arranged in tiers. Your cost depends on which drug tier your drug is in.

In-network coverage

This refers to doctors, hospitals, dentists, pharmacies and other care providers who are part of the plan's network or are in the plan. In-network providers agree to accept HealthKeepers' maximum allowed amount as their charge. HMO plans only include coverage for in-network benefits, except for emergency and urgent care, ambulance services related to an emergency for transportation to a hospital, or when a service is pre-approved.

Out-of-network coverage

This refers to doctors, hospitals, dentists, pharmacies and other care providers who don't participate in the plan or network. HMO plans don't offer out-of-network benefits, except for emergency and urgent care, ambulance services related to an emergency for transportation to a hospital, or when a service is pre-approved.

Out-of-pocket limit

This is the maximum amount you can pay out of your pocket for covered services each year. Once you reach that limit, which varies by plan, we cover the rest up to the maximum allowed amount. In-network providers agree to accept HealthKeepers' maximum allowed amount as their charge.

Plan name

Plan name and contract code are found on the first row of the medical plan charts. Look for this when you're applying for a plan. The contract code is in parentheses after the plan name.

IMPORTANT LEGAL INFORMATION

Before choosing a health benefit plan, please review the following information along with the other materials enclosed.

Eligibility

You can apply for coverage for yourself or with your family. You must be a United States citizen or a lawfully present non-citizen and a legal resident of the Commonwealth of Virginia and not entitled to or enrolled in Medicare. Family health coverage includes you, your spouse or domestic partner and any dependent children. Children are covered to the end of the month in which they turn age 26.

Eligibility for a catastrophic plan

You are eligible for this plan if you:

- are also under age 30 before the plan's effective date; or
- have received certification from the Health Insurance Marketplace that you are exempt from the individual mandate because you qualify for a hardship exemption or don't have an affordable coverage option

Open enrollment

As established by the rules of the Health Insurance Marketplace, individuals are only permitted to enroll in a Qualified Health Plan (QHP), or as an enrollee to change QHPs, during the annual open enrollment period or a special enrollment period.

American Indians are authorized to move from one QHP to another QHP once per month.

Special enrollment and changes affecting eligibility

In addition to open enrollment, an individual can enroll during the special enrollment period. This is a period of time in which eligible individuals or their dependents can enroll after the open enrollment, typically due to an event such as marriage, birth, adoption, or other qualifying events as defined by law.

Effective date of coverage

The earliest effective date for the annual open enrollment period is the first day of the following benefit year for a Qualified Individual who has made a QHP selection during the annual open enrollment period. A subscriber's effective date is determined by the Health Insurance Marketplace based on the receipt of the completed enrollment form. Benefits will not be provided until the applicable subscription charge is paid to HealthKeepers.

Managing your care if you need to go to a hospital or get certain medical treatment

If you or a family member need certain types of medical care (for example: surgery, treatment in a doctor's office, physical therapy, etc.), you may want to know more about these programs and terms. They may help you better understand your benefits and how your health plan manages these types of care.

Utilization review

Utilization review is a program that is part of your health plan. It lets us make sure you're getting the right care at the right time. Our utilization review team, made up of licensed health care professionals such as nurses and doctors, does medical reviews. The team goes over the information your doctor has sent us to see if the requested surgery, treatment or other type of care is medically necessary. The utilization review team checks to make sure the treatment meets certain clinical guidelines set by your health plan. After reviewing the records and information, the team will approve (cover) or deny (not cover) the treatment. The utilization review team will let you and your doctor know as soon as possible. Decisions not to approve are put in writing. The written notice will include information on how to appeal the decision and about your rights to an independent medical review.

Reviewing where services are provided

A service must be medically necessary to be a covered service. The utilization review may include a review of the level of care, type of setting or place of service where services can be safely given to you. If services are given in a higher level of care or cost setting when they could be safely given in a lower level place of care or cost setting, they will not be determined to be medically necessary. The service(s), in that case, are being denied based on the review of where they are provided. When this happens the service(s) can be requested again in another setting or place of care and will be reviewed again for medical necessity. At times, a different type of provider or facility may need to be used in order for the service to be considered medically necessary.

Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a hospital but may be approved if provided on an outpatient basis in a hospital setting.
- A service may be denied on an outpatient basis if taking place in a hospital setting but may be approved at a free-standing imaging center, infusion center, ambulatory surgical center/facility, or in a physician's office.
- A service may be denied at a skilled nursing facility but may be approved in a home setting.

We can do medical reviews like this before, during and after a member's treatment. Here's an explanation of each type of review:

The pre-service review (done before you get medical care)

We may do a pre-service review before a member goes to the hospital or has other types of services or treatment.

The concurrent review (done during medical care and recovery)

We do a concurrent review when you are in the hospital or are released and need more care related to the hospital stay. This could mean services or treatment, such as physical therapy or durable medical equipment. The utilization review team looks at the member's medical information at the time of the review to see if the treatment is medically necessary.

IMPORTANT LEGAL INFORMATION

The post-service review (done after you get medical care)

We do a post-service review when you have already had surgery or another type of medical care. When the utilization review team learns about the treatment, they look at the medical information the doctor or provider had about you at the time the medical care was given. The team then can see if the treatment was medically necessary.

Case management

Case management is conducted by a licensed health care professional, who works with you and your doctor to help you learn about and manage your health conditions. They also help you better understand your health benefits.

Precertification

Precertification is the process of getting approval from your health plan before you get services. This process lets you know if we will cover a service, supply, therapy or drug. We approve services that meet our standards for needed and appropriate treatment. The guidelines we use to approve treatment are based on standards of care in medical policies, clinical guidelines and the terms of your plan. As these may change, we review our precertification guidelines regularly. Precertification is a type of pre-service review.

Here's how getting precertification can help you out:

Saving time. Preauthorizing services is a process of verifying, in advance, whether a proposed treatment, service or supply is medically necessary and/or medically appropriate. The doctors in our network ask for prior authorization for our members.

Saving money. Paying only for medically necessary services helps everyone save. Choosing a doctor who's in our network can help you get the most for your health care dollar.

What can you do? Choose an in-network doctor. Talk to your doctor about your conditions and treatment options. Ask your doctor which covered services need prior authorization or call us to ask. The doctor's office will ask for prior authorization for you. Plus, costs are usually lower with an in-network doctor. It is important to understand that HMO plans do not offer out-of-network coverage, with the exception of emergency care as described in the Evidence of Coverage or urgent care services received at an urgent care center or when a service is preapproved. Please review the Evidence of Coverage in order to determine your benefits. Once you're a member, if you have a question about prior authorization, you can call the Member Service number on the back of your ID card.

In-network providers

In-network providers are the key to providing and coordinating your health care services. Benefits are provided when you obtain covered services from providers in our Pathway X Tiered Hospital network. It's a good idea to have a primary care doctor (PCP) for things like checkups and health issues that need ongoing care; but you're not required to select a PCP or get a referral to seek care from in-network specialty doctors.

Services you obtain from any provider outside of our network are considered out-of-network services and are not covered, with the exception of emergency care or urgent care, or a service that is authorized in advance by HealthKeepers.

The only services covered outside our network are emergency care as described in the Evidence of Coverage and urgent care services received at an urgent care center. In addition, you will have emergency and urgent care coverage through the Blue Cross and Blue Shield Association's BlueCard® program using the Traditional (PAR) network. When you use BlueCard providers in the Traditional network, you will be protected from balance billing.

ONE NUMBER. ONE WEBSITE. ONE APP.

Your HealthKeepers plan includes access to a Health Savings Account (HSA) to manage and pay for your care.

Wouldn't it be nice if your health plan was easy to use, access and understand? Your HSA plan gives you everything you need in a single, simple plan with just one debit card, website, phone number and mobile app. An HSA can help you pay for health care expenses including prescriptions. Plus, you can claim your HSA contributions as tax deductions, earn interest on your money and roll over the year-end balance.

Four reasons you'll love your HSA plan. You'll have:

1

A debit card for your account. So it's easy to pay your out-of-pocket expenses for care.

2

One website for your benefits and spending account. You can:

- Check your HSA balance.
- Look for doctors, hospitals, facilities and other health care professionals.
- Review your claims, find out if you owe anything for care and pay your balance directly from your HSA online.
- See your benefit information, including deductible and out-of-pocket.
- Estimate the cost of care before you see a doctor.

3

One mobile app to download and use when you're on the go. With the Sydney app, you can:

- See all of your account and claims information.
- Take a photo of a receipt and upload it for reimbursement.
- Manage and send payments from your HSA.
- Find care wherever you are, 24/7.

4

One customer service phone number to call if you have questions about your plan or account.

USING YOUR HSA

Open your HSA

Once you elect the HSA option, we will start the Consumer Identification Program (CIP). Under the Patriot Act, all financial institutions are required to confirm the identity of anyone opening a new account. Our banking partner will complete the CIP process and notify you if they need additional information. Once the CIP process is complete, your account will be opened. We use the information provided at enrollment to open your account and complete CIP. It is important that you enroll using your legal name to avoid delays in opening your account.

Welcome letter and debit card

Once your account is opened, you can log-on to **anthem.com** to see your account information at any time and learn more about your health plan, benefits and HSA. You will also receive a welcome letter and your debit card from us. A debit card is automatically issued to you and your spouse. If you need a debit card for any other dependents, you can order them on **anthem.com** or by calling member services at the number on the back of your ID card.

Transfer HSA funds

If you already have an HSA, you can make your life easier by transferring your funds to your new HSA.

- **One account experience.** With your funds in one place, you will have one login, one statement, one mobile app, one support team, and one debit card.
- **No unnecessary fees.** By consolidating funds and closing your other account, you eliminate account administration fees from your prior HSA custodian.
- **Easier tax filings.** By having one HSA for the whole year, you will only have one set of tax forms to manage when it comes time to file your taxes.
- **Increased investment opportunity.** By combining your accounts, you have the maximum opportunity to grow your savings for the future.

Once your account is open, visit **anthem.com** or call customer service at the number on the back of your ID card for more information. Please note that your prior HSA custodian may charge a fee to transfer and close your account.

This is what the IRS requires if you want to open a health savings account:

- You must be covered by an HSA-compatible high-deductible health plan.
- You must be a U.S. resident, and not a resident of Puerto Rico or American Samoa.
- You cannot be covered by any other comprehensive medical plan that is not an HSA-compatible, high deductible health plan.
- You cannot be enrolled in Medicare.
- You cannot be claimed as a dependent on another individual's tax return.
- If you are a veteran, you may not have received veteran's benefits within the last three months, unless those benefits are related to a service-connected disability.
- You cannot be enrolled in TRICARE, the federal government insurance program for active and retired military
- Your spouse cannot be enrolled in an FSA plan.

Note: You have the option of using a different financial institution to set up your Health Savings Account. However, you would be responsible for any HSA account related fees applied by the chosen financial institution.
